Join us to move, explore, grow, and connect.

The Dance Foundation is a non-profit organization with the mission to teach the art of dance to all, inspiring creativity, curiosity, and confidence.

Our Studio Program offers student-centered, non-competitive classes for ages one to adult. A schedule of our September 2024 to May 2025 classes is inside this brochure.

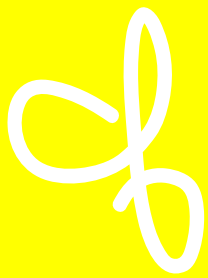

We also dance with 1,000+ students more through our Community In Motion Program. Our teams of dance teachers and musicians travel to dozens of preschools and community organizations each week. Our curriculum "Dancing With Words" and "Math In Motion" allow us to connect with students in elementary schools exploring academics through movement.

The Dance Foundation has been a gathering place for learning with and through dance for almost 50 years. Our four studios and 100-seat theatre in downtown Homewood are "home" to dance artists and organizations in Birmingham who need professional space for classes, rehearsals, and performances.

You're invited to be part of our family, and help us further the belief that dance is for all. Donations to The Dance Foundation help provide programs that inspire personal growth, artistic exploration, professional success, physical wellness, and community connection. Our community – students, parents, contributors, volunteers, artists -- keep our mission in motion. We invite you to learn more...

DANCE**

Our teaching approach and curriculum engage the imagination and nurture creativity. Our students gain a strong technical foundation in dance as well as the confidence and self-discipline necessary for learning the art of dance. Live music is an essential component to classes for young children to develop the students' musicality and to allow for spontaneity and creative freedom. Our state-of-the-art facility is located in downtown Homewood and includes five studios, each with sprung floors and two-way glass observation areas. Satellite classes are also offered at several schools for the students enrolled at that school; visit our website for a list. Students participate in a performance in May.
